

### Managing Change

#### Who is this course designed for?

Key members of a business, who are charged with the responsibility of managing individual project streams under the implementation of a strategy programme. This workshop is designed to develop their knowledge and skills, so that they can more effectively plan change arising from their projects.

#### What are the course objectives?

- Identify the forces that may require change, by conducting simple PESTLE and/or SWOT analysis
- Identify relevant human and financial factors in the consideration of change
- Use a technique for planning change, based on a work-related example

#### What's in the course?

- How to create creativity
- Our leading edge
- Where are we now? (SWOT analysis)
- Where do we want to be? (PESTEL)
- How to plan for change
- Using GANTT charts, and other planning tools
- What could stop us achieving our goal?
- How to create success
